Orphan. Loner. Mutant. On the last big night of the Vault Ball season in 2260, you make a fateful decision that will change the course of your life -- and eventually the future of the New California Republic.Vault 18 is at the heart of the California Wasteland high in the San Bernardino Mountains, and it's legendary Wasteland Scouts have managed to keep its secrets safe for decades despite the wars raging beyond the great door. In their old age, the Scouts have created a new generation to take their place... if their rebellious adopted kids survive the Enclave threat brewing within their own ranks. You will face the New California Republic under president Wendell Peterson, the New Reno Mob's Bishop Family, the remnant Shi Clans, The Enclave Leonidas Squadron, the Super Mutant Army, and the bloodthirsty Raider Alliance that have banded together in the remote Athens-Tec Uranium Mine off the Long I-15. Through them all you'll choose your path from SPECIAL dialog options, acquired PERKs, and travel with 8 possible companions depending on your choices. You'll enjoy two new radio stations with unique music, hours of voice acting, and professional grade presentation. There is always another path to take in New California. But War? War never changes.2.FEATURES˜Ã»Â¿ÂAn Alternate Start in Vault 18 with a New Player Character and Main Quest.A New Intro Video to really give it that "New Game" feeling.An Ornate Main Quest Line with Compelling Side Quests rich in Fallout & Character Lore.Hours of Voice Acting recorded at pro-quality in Radian-Helix Media's Tucson, Az Studio.A Very Large Worldspace in California - The Black Bear Mountain National Forest.An Epic War The Super Mutants, the Raider Alanha, the Enclave and the New Blick of Califmon. Updates in the notion.6 Human Human Companions and 2 Handichable Companions, depending on players' choices.3.Storychapter 1New California tells the story of your player character, a resident of Vault 18, on the night of the last game Big Vault-Ball of the season. The consequences of his player's decision to avoid or face Johnny Matheson shape the rest of his life, unlocking alternative paths through the political and cultural division of the safe. When the war finally arrives at the safe after a prominent figure ends up being a member of the enclave, a civil war enters night, forcing the player to choose one side and escape to the vacant lot with his robã party of robã´s and friends. Chapter 2Set In 2260, the main faces in San Bernardino are involved in facilities of factional fencing in the last 20 years after the NCR-Enclave war, and the defeat of Vault 13 Master's resident 100 years earlier. The surviving raiders are the last highlights in the territory of the Caliphnian, refusing to be absorbed by the massive federal government that will vain as a threat to their isolated independence and military dictatorship. The remains of the hostile tribes destroyed by NCR, the chief Elsdragon, his wool, maintained a tight regimental order about his confederation. , capturing the raiders producing lands of Raiders in Union City. In the hope of using the i-15 to expand its power in relation to snowed, its wool, General Silverman, must first guarantee his devastated pensioners by war or face the econamemic collapse in the intruded mothers of Nevile Duville. His player character stumbles into this conflict after moving closely from the destruction of Vault 18. From this, they must find a way to survive in the aftermath when all 3 faces, each with a story To deal with the scouts of Vault 18, seek the player to use his knowledge, capture a lost experience, or revenge exactly for past crimes. 4.
